<i>The classic cartridge range:</i>	
<p>DDT - II Special (*) Moving Coil cartridge with VDH-type 1 tip, solid Boron cantilever, matched crystal silver-wire coils and 0.65 mV at 5.6 cm/sec output. With GRASSHOPPER frontpole and an extra internal support magnet.</p>	Euro 999,00
<p>MC - 10 Special (*) Moving Coil cartridge with VDH-type 1 tip, solid Boron cantilever, matched crystal silver-wire coils with high channel separation and 0.65 mV at 5.6 cm/sec output. Selected version of the DDT-II Special. With GRASSHOPPER frontpole and an extra internal support magnet.</p>	Euro 1170,00
<p>MC - ONE Special (*) Special selected version of the MC - 10 Special with 0.65 mV at 5.6 cm/sec output. With GRASSHOPPER frontpole, solid Boron cantilever and an extra internal support magnet.</p>	Euro 1325,00
<p>MC - TWO Special (*) High output version of the MC - ONE Special with 2.25 mV at 5.6 cm/sec output and matched crystal copper-wire coils. With GRASSHOPPER frontpole, solid Boron cantilever and an extra internal support magnet.</p>	Euro 1695,00
<p>(*) Special: Indicates important improvements. A thicker front pole and a small extra magnet, both further enhancing the cartridge's resolution capabilities.</p>	
<p>The FROG® With the coil, front pole and suspension of The GRASSHOPPER; The best cartridge available for its price. Output 0.65 mV at 5.6 cm/sec, matched crystal copper-wire coils, solid Boron cantilever and an extra internal support magnet.</p>	Euro 2080,00
<p>The FROG® HO High output version of The FROG®. Output 2.25 mV at 5.6 cm/sec. Comes with an extra internal support magnet.</p>	Euro 2595,00
<p>The FROG® Gold The TOP version of The FROG® with matched crystal gold-wire coils and solid Boron cantilever. Output 0.65 mV at 5.6 cm/sec. Comes with an extra internal support magnet.</p>	Euro 2595,00
<i>The GRASSHOPPER III series:</i>	
Low Output:	
<p>The GRASSHOPPER III SLA S = matched crystal Silver coils L = Low output (0.60 mV/channel) A = AlNiCo magnet Solid Boron cantilever</p>	Euro 3315,00

The Cartridges

The GRASSHOPPER III GLA

G = matched crystal Gold coils
 L = Low output (0.60 mV/channel)
 A = AlNiCo magnet
 Solid Boron cantilever

Euro 4145,00

The GRASSHOPPER BEAUTY series:

Resolution improved GRASSHOPPER IV.

The BLACK BEAUTY GPX

Black body, solid Boron cantilever, matched crystal gold X coils, with 0.50 mV at 5.6 cm/sec output. Comes with an extra external support magnet. On special request medium and high output versions are available.

Euro 4695,00

The WHITE BEAUTY SPX

White body, solid Boron cantilever, matched crystal silver X coils, with 0.50 mV at 5.6 cm/sec output. Comes with an extra external support magnet. On special request medium and high output versions are available.

Euro 4150,00

The WHITE BEAUTY CPX-HO

White body, solid Boron cantilever, matched crystal copper X coils, with 2.25 mV at 5.6 cm/sec output. Comes with an extra external support magnet. On special request medium and high output versions are available.

Euro 4150,00

The CANARY

Nylon Body, 24 karat gold coils, VDH Type 1 tip. Extreme sharp focussing of the soundstage, not critical for the load-impedance. Output 0.55 mV at 5.6 cm/sec.

Euro 3200,00

The CONDOR series:

A very innovative moving coil design specifically made for very high replay quality. Based on technology of the COLIBRI, the more robust CONDOR is made for heavier tone-arms (12-20 grams). You will like the very high resolution and extremely spacious sound reproduction. Also with a solid Boron cantilever.

All specified outputs measured at 5.6 cm/sec:

Standard version: - Low Output 0.25 mV/channel.:.....	Euro	3600,00
Standard version: - High Output 0.50 mV/channel.:.....	Euro	3600,00
Gold wire version: - Low Output 0.25 mV/channel.:.....	Euro	4150,00
Gold wire version: - High Output 0.50 mV/channel.:.....	Euro	4500,00

The Cartridges

retail price**

The CRIMSON series:

The CRIMSON

Just when you think "It doesn't get any better"...

The CRIMSON is a top performance custom handbuilt moving coil phono cartridge. A crossbreed of our The CANARY and The CONDOR. This cartridge is available in natural light and darkwood colour as well as in a red coloured (also wooden) version. On special request a Polycarbonate body is available. Specific characteristics for this great cartridge are a relatively high (0,65mV) output, gold coils, a Samarium-Cobalt magnet, extended channel separation and superb tracking ability.

As the popularity of vinyl is reviving again, many requests came in to develop a High-End phono cartridge for a more affordable price than The COLIBRI. The CRIMSON is the result and probably one of the cartridges with the best value for money available. It is completely hand build by the Master himself and comes with a 200 hour service check-up, free of charge (for the original owner).

The CRIMSON XGW (Wooden body natural light/darkwood/red)	Euro	4080,00
The CRIMSON XGP (Polycarbonate body)	Euro	4080,00
The CRIMSON XGP SE (Special Edition)	Euro	4720,00

The CRIMSON XGA (Amber body)	NEW!!!	Euro	7500,00
-------------------------------------	---------------	------	---------

The COLIBRI series:

The COLIBRI

	Euro	4950,00
--	------	---------

Top model, featuring matched crystal copper coils and 0.22 mV at 5.6 cm/sec output. By minimizing the total magnetic circuit the Weisz-domain modulation (magnetic) distortion has undergone a considerable decrease. No frontpole. Very short 3 mm solid Boron cantilever.

Also made in a higher output version with 0.30 mV at 5.6 cm/sec output with a load impedance of 200 Ohm - 500 Ohm, for those who mostly play classical music. Type nr.: Colibri XCP HO

With a regular carbon-nylon body (P), total cartridge weight is 6 gram.

All copper coil COLIBRI versions have the same Euro price.

The COLIBRI XGP (Gold wire coil)	Euro	5600,00
--	------	---------

The COLIBRI XPP (Platinum wire coil)	Euro	6400,00
---	------	---------

The COLIBRI XPW (Blackwood body and Platinum wire coil)	Euro	8000,00
---	------	---------

The COLIBRI XGA (Amber body and Gold wire coil)		
NEW!!!	Euro	9000,00

The output is 0.38 mV at 5.6 cm/sec output.

SPED modification

For both **The CONDOR** and **The COLIBRI**, an upgrade / modification is available. This so called SPED (special edition) modification concerns replacement of the suspension wire by a thinner version, replacement of the damper rubbers by a "faster" type and a longer cantilever.

Price for The COLIBRI SPED modification:

Euro

Price for The CONDOR SPED modification:

Euro

The Turntable Spindle Oil - Made in EU		
Special oil as explained on our website section F.A.Q. Supplied in a 25cc bottle with brush.	Euro	23,00
The Tracking Force Meter		
New improved model: a very precise (+/- 0,002 grams) touch screen digital scale to measure the exact tracking force of your mounted cartridge.	Euro	92,50
The SOLUTION - Made in EU		
The Solution fluid is a very stable completely non-chemical product which protects the metal of connectors or cables for a long time against chemical deterioration. Supplied in a 25cc bottle.		
	Price per bottle: Euro	37,50
The Lower Friction Oil (T.L.F.) Made in EU		
Your turntable and also all other rotating components need a perfect oil to maintain a high reliability. Our T.L.F. is the right oil for this demanding job: no oxidation, very low surface tension (1/4 of water), very strong binding with the underlying surface and ultra thin coating (just nanometers thick). Surface friction of moving parts in contact with each other is dramatically reduced (even in your car). As a general purpose low friction lubricant T.L.F. I is most suited. For heavy duty applications we advise T.L.F. II. Supplied in a 25cc bottle with brush.		
	Price per bottle: Euro	37,50
Box-packed The T.L.F. OIL II and The Solution - Made in EU		
Box-packed in 25cc bottles, together in one box.	Euro	73,50

MSS - 7: > Halogen Free < Made in EU

A 36 gauge, 7 strand extremely flexible interconnect wire, available in 4 colours: transparent, blue, red and green. Each of the strands is made of a very high grade of Matched Crystal (MC) OFC with a dense and very pure silver coating.

Available in any specified length starting from 1 meter. Price p/m: Euro 14,00

MCS - 150 M: > Halogen Free < Made in EU

The very flexible multistrand wire, made of very pure highest trade Matched Crystal Silver (7 single insulated very pure silver leads). For tonearms and other high quality industrial applications. Available in 4 different colours: red, green, blue or transparent. No stripping problems: the insulation acts as a flux when the MCS - 150 M is soldered to a clip or connector at a temperature of 425°C.

Euro 44,00

CC - 1.0

Gold-plated headshell wire connecting clip for cartridges with 1.0 mm connecting pins (not common). Also applicable for our CC - 18 LSC wire.

Euro 1,50

CC - 1.2

Gold-plated headshell wire connecting clip for cartridges with 1.2 mm connecting pins (the standard dimension).

Euro 2,00

The TAC

Description: see section connectors. Available in a straight and 90° version.

Euro 44,00

D - 501 HYBRID > Halogen Free < Made in EU

Balanced Hybrid conductor, shielded, extremely flexible tonearm connection cable in metal and LSC (carbon) construction. With durable black HULLIFLEX®(*) outer jacket. Available on 100 meter reels, minimum order length 25m.

Price Euro 22,00

The MC - SILVER IT 65 G > PVC Free < Made in EU

This cable exhibits an extended frequency range up to 65 GigaHertz. It's a slimline version of our MC - SILVER IT Mk II 75 Ohm. With durable transparent cobalt blue HULLIFLEX®(*) jacket. Available in regular lengths.

Price Euro 394,50

Stereo pair The MC - SILVER IT 65 G > Halogen Free < Made in EU

With transparent cobalt blue HULLIFLEX®(*) jacket and 4 gold-plated C - 5.5 (RCA) connectors. Packed in a nice wooden box.

0.6 meter:.....	Euro	738,00
0.8 meter:.....	Euro	895,50
1.0 meter:.....	Euro	1054,00
1.2 meter:.....	Euro	1211,50
1.5 meter:.....	Euro	1449,00

Analogue Interconnects, unbalanced

Unless otherwise stated, price is per meter or per unit.

 retail price**

The MC - SILVER IT MK II 75 Ohm > Halogen Free < Made in EU

An on special request constructed very low radiation digital interconnect. An amazing 126 dB radiation damping at 1 GHz and 84 dB damping at 4 GHz. The impedance is 75 Ohm +/- 0,5 Ohm till 4 GHz. The ideal electrical link between any 75 Ohm source and 75 Ohm load. Think about player-converter connections. This cable is also very perfect in XY-component, RGB and S-VHS combinations. Available on 100 meter reels.

Price p/m: Euro 813,50

Stereo pair The MC - SILVER IT MK II 75 Ohm > Halogen Free < Made in EU

With durable transparent cobalt blue HULLIFLEX®(*) jacket and 4 gold-plated C-7.3 (RCA) connectors. Packed in a nice wooden box.

0.6 meter:.....	Euro	1104,00
0.8 meter:.....	Euro	1430,00
1.0 meter:.....	Euro	1755,00
1.2 meter:.....	Euro	2080,50
1.5 meter:.....	Euro	2572,00

3T - True Transmission Technology

The cables based on this technique allow a new awareness of extremely high quality signal transmission and excellent sound quality. The conductor is built of an amorphous alloy of metals and a non-metal with stunning properties as a result. For more details, please consult our chapter "3T - True Transmission Technology". Not available on reels, due to the complex mounting process.

Stereo pair 3T The RIVER Hybrid > Halogen Free < Made in EU

With 4 rhodium plated C-7.3 (RCA) connectors.

0.8 meter:.....	Euro	197,50
1.0 meter:.....	Euro	222,50
1.2 meter:.....	Euro	267,00
1.5 meter:.....	Euro	333,50

Stereo pair 3T The SEA Hybrid > Halogen Free < Made in EU

With 4 rhodium plated C-8.0 (RCA) connectors.

0.8 meter:.....	Euro	239,00
1.0 meter:.....	Euro	268,50
1.2 meter:.....	Euro	322,50
1.5 meter:.....	Euro	401,00

Analogue Interconnects, balanced

Unless otherwise stated, price is per meter or per unit.

** Nearly all our balanced interconnects are also available mounted as unbalanced interconnect with RCA type connectors. Please refer to the balanced interconnects section for these options.

The FLEXICON B4 > Halogen Free < Made in EU

Balanced, 4mm diameter hifi interlink. With white durable HULLIFLEX®(*) jacket. Can also be used as balanced mixing console cable or internal amplifier cable. On top of that, not unimportant these days: mounted with on both sides a matt gold plated mini-jack or a mini-jack and 2 matt gold plated RCA connectors, you'll have a high quality mobile music source connector cable.

Available on 200 meter reels.

Price p/m: Euro 8,50

Stereo pair The FLEXICON B4 > Halogen Free < Made in EU

With 4 gold-plated matt C-4.0 (RCA) connectors.

0.8 meter:.....	Euro	120,00
1.0 meter:.....	Euro	123,50
1.2 meter:.....	Euro	127,50
1.5 meter:.....	Euro	133,00

FLEXICON B4 > Halogen Free < Made in EU - Mobile connector

With matt gold plated mini-jack and & 2 matt gold plated C-4.0 (RCA) connectors.

1.0 meter:.....	Euro	146,00
1.5 meter:.....	Euro	155,00

With 2 matt gold plated mini-jacks.

1.0 meter:.....	Euro	111,50
1.5 meter:.....	Euro	116,50

The MINI SUB HYBRID > Halogen Free < Made in EU

The MINI SUB Hybrid has been especially designed as an active subwoofer cable. This cable is extremely flexible and has an attractive cream colored jacket that blends easy in any interior, making it very suitable for longer length subwoofer cable applications and all interconnections where there is need for a very flexible, price-efficient cable.

Available on 200 meter reels.

Price p/m: Euro 12,00

Stereo pair The MINI SUB HYBRID > Halogen Free < Made in EU

With 4 gold-plated matt C - 5.5 (RCA) connectors.

0.8 meter:.....	Euro	113,50
1.0 meter:.....	Euro	118,00
1.2 meter:.....	Euro	122,50

The MINI SUB HYBRID > Halogen Free < Made in EU - Mobile

With 2 matt gold plated mini-jacks.

1.0 meter:.....	Euro	108,00
1.5 meter:.....	Euro	114,50

The D - 102 III HYBRID > Halogen Free < Made in EU *Our multi award winner !!!*

Excellent multi award winning balanced hybrid (metal and Linear Structured Carbon®) interconnect. With characteristic yellow-orange durable HULLIFLEX®(*) jacket. To be used as single cable or as stereo pair.

Available on 100 meter reels.	Price p/m: Euro	22,00
-------------------------------	-----------------	-------

Stereo pair The D - 102 III 3T HYBRID > Halogen Free < Made in EU

This version comes with a number of strands from our highly acclaimed 3T-technology. With 4 gold-plated matt C - 7.3 (RCA) connectors or 4 Neutrik silver plated XLR connectors.

NOT available on 100 meter reels.

0.8 meter:.....	Euro	160,00
1.0 meter:.....	Euro	166,00
1.2 meter:.....	Euro	172,00
1.5 meter:.....	Euro	181,00

The D - 102 V SPECIAL > Halogen Free < Made in EU

Very fine, balanced interconnect for pre- to power-amp., CD to pre-amp. and car hi-fi applications. With purple or blue durable HULLIFLEX®(*) jacket.

Available on 100 meter reels.	Price p/m: Euro	17,00
-------------------------------	-----------------	-------

Stereo pair The D - 102 V Special > Halogen Free < Made in EU

With 4 gold plated C - 7.3 (RCA) connectors or 4 Neutrik silver plated XLR connectors.

0.8 meter:.....	Euro	140,50
1.0 meter:.....	Euro	148,50
1.2 meter:.....	Euro	156,00
1.5 meter:.....	Euro	169,00

The TIDE > Halogen Free < Made in EU

The two inner cores are made of OFC with a dense silver coating. Available on 100 meter reels. Double screened with braided strands and our Linear Structured Carbon® (L.S.C.) with durable orange HULLIFLEX®(*) jacket.

Price p/m: Euro	25,00
-----------------	-------

Stereo pair The TIDE > Halogen Free < Made in EU

With 4 gold plated C - 7.3 (RCA) connectors or 4 Neutrik silver plated XLR connectors.

0.8 meter:.....	Euro	177,00
1.0 meter:.....	Euro	183,00

The WATERFALL HYBRID > Halogen Fee < Made in EU

The WATERFALL HYBRID is a very healthy crossbreed between two of our most valued audio cables; The D - 102 III HYBRID and The INTEGRATION HYBRID. When used as a balanced audio interconnect, The WATERFALL HYBRID excels because of the combination of our highly advanced amorphous Fusion conductor material with our well proven Linear Structured Carbon ® technology in a rugged though flexible triple screened twin core design. It is therefor also perfect as a microphone or musical instrument cable. With durable HULLIFLEX®(*) jacket. Available on 100 meter reels.

Price p/m: Euro 40,50

Stereo pair The WATERFALL HYBRID > Halogen Fee < Made in EU

Based on our Fusion Technology, flexible triple screened twin core (balanced) and 4 gold plated C - 7.3 (RCA) connectors or 4 black Neutrik silver plated XLR connectors.

0.8 meter:.....	Euro	181,00
1.0 meter:.....	Euro	189,00
1.2 meter:.....	Euro	196,00
1.5 meter:.....	Euro	206,50

The INTEGRATION HYBRID > Halogen Fee < Made in EU

Based on our Fusion Technology, Triple screened quadruple core / star quad (balanced). With durable gold tone HULLIFLEX®(*) jacket.

Price p/m: Euro 50,50

Stereo pair The INTEGRATION HYBRID > Halogen Fee < Made in EU

With 4 gold plated C - 8.0 (RCA) connectors or 4 black Neutrik silver plated XLR connectors.

0.8 meter:.....	Euro	199,00
1.0 meter:.....	Euro	219,50
1.2 meter:.....	Euro	239,50
1.5 meter:.....	Euro	270,00

The SECOND® > Halogen Free < Made in EU

Linear Structured Carbon ® (LSC) quadruple screened twin core conductors. With durable light brown HULLIFLEX®(*) jacket. Produces an amazing good sound quality. Not available on reels due to complex mounting.

Stereo pair The SECOND® > Halogen Free < Made in EU

With 4 gold-plated C - 7.3 (RCA) connectors or 4 Neutrik silver plated XLR connectors.

0.8 meter:.....	Euro	256,00
1.0 meter:.....	Euro	297,00
1.2 meter:.....	Euro	339,00
1.5 meter:.....	Euro	401,00

The MC - GOLD MK II HYBRID > Halogen Free < Made in EU

Highest quality balanced hybrid interconnect with 24 carat gold plating over silver coated copper strands. Very smooth sound quality. With gold coloured durable HULLIFLEX®(*) jacket.

Available in any specified length and on 100 meter reels. Price p/m: Euro 166,00

Analogue Interconnects, balanced

Unless otherwise stated, price is per meter or per unit.

**Advisory
retail price**

Stereo pair The MC - GOLD MK II HYBRID > Halogen Free < Made in EU

With 4 gold-plated C - 7.3 (RCA) connectors or 4 Neutrik silver plated XLR connectors.

0.8 meter:.....	Euro	439,00
1.0 meter:.....	Euro	508,00
1.2 meter:.....	Euro	577,00
1.5 meter:.....	Euro	680,00

The ORCHID > Halogen Free < Made in EU

New ideas about the transmission of ultra low level signals with a very high resolution were the design parameters of our 2.9 mm diameter thin triaxial interconnect. With Linear Structured Carbon doped insulators and Tunnel Technology we achieve beside a good protection against environmental effects also a very low microphony. The Orchid is ideal as interconnect, internal wiring for equipment and as a studio musical instruments cable. The Orchid is in balanced and unbalanced terminated version available. Not available on reels due to complex mounting.

Stereo pair The ORCHID > Halogen Free < Made in EU

With 4 gold-plated C-3.0 (RCA) connectors or 4 black Neutrik silver plated (XLR) connectors.

0.8 meter:.....	Euro	320,00
1.0 meter:.....	Euro	400,00
1.2 meter:.....	Euro	480,00
1.5 meter:.....	Euro	600,00

3T - True Transmission Technology

The cables based on this technique allow a new awareness of extremely high quality signal transmission and excellent sound quality. The conductor is built of an amorphous alloy of metals and non-metals with stunning properties as a result. For more details, please consult our chapter "3T - True Transmission Technology". Not available on reels, due to the complex mounting process.

Stereo pair 3T The VALLEY > Halogen Free < Made in EU

With 4 rhodium plated C-7.3 (RCA) connectors or 4 black Neutrik silver plated (XLR) connectors.

LIMITED EDITION

The Platinum Hybrid Mk II Balanced > Halogen Free < Made in EU

Very limited edition high quality balanced interconnect with extremely purified platinum(!) signal conductors with improved platinum coloured HULLIFLEX(*) High Density jacket. With our vast knowledge on metal technology we have started by calculating the ideal specifications of the conductors and matched the type of metal that possessed these numbers. It turned out that two 0.3 mm solid core pure platinum conductors were right on the dot. The impedance between two natural conductors is a very precise 110Ω. The result is thus not only a very attractive looking cable but also probably the best metal based balanced interconnect on the market today. After our very successful introduction of the Platinum Hybrid Mk I, we have been looking at any possible improvement, which we realized in a lower capacitance conductor with an improved thicker jacket.

Stereo pair The Platinum Hybrid Mk II Balanced > Halogen Free < Made in EU

Comes with rhodium plated C - 11.3 (RCA) or silver-plated Neutrik XLR (balanced) connectors. Packed in a beautiful aluminum wallet.

0.6 meter:.....	Euro	5346,50
0.8 meter:.....	Euro	7048,50
1.0 meter:.....	Euro	8695,00
1.2 meter:.....	Euro	10385,50
1.5 meter:.....	Euro	12609,50

The CNT > Halogen Free < Made in EU

Our latest contribution to the always interesting world of recording and replay is our **Carbon Nano Tube based** interconnect: The CNT. Carbon Nano Tube is the most advanced conductor material at the moment available and exclusively used in our The CNT. We are proud to announce that we are **the first company worldwide to have a high-tech & commercial application of this very advanced type of carbon**. The sound quality is unsurpassed with all the properties an audiophile could dream about, like a very spacious, very dynamic and very transparent sound without any harshness. Listening gives you the feeling you are in front of the real sound-stage.

Stereo pair The CNT > Halogen Free < Made in EU

Comes with rhodium plated C - 8.4 (RCA) or silver-plated Neutrik XLR (balanced) connectors. Packed in a beautiful aluminum wallet.

0.6 meter:.....	Euro	4403,00
0.8 meter:.....	Euro	5809,00
1.0 meter:.....	Euro	7159,50
1.2 meter:.....	Euro	8547,00
1.5 meter:.....	Euro	10341,50

3T - True Transmission Technology

Unless otherwise stated, price is per meter or per unit.

Our innovation that has changed the audio cable world.

The cables based on this technique allow a new awareness of extremely high quality signal transmission and excellent sound quality. With all the knowledge we acquired over the years, we came up with an amorphous alloy of metals and non-metals that together make a conductor with stunning properties. To name a few: no oxidation, no metal fatigue, big strain relief, stable at extremely high as well as low temperatures, no electroplating chemicals involved, very flexible and an extremely long life-span.

Naturally, all cables have a durable HULLIFLEX®(*) jacket with non-removable printing. None of these cables is available on reels, due to complex mounting.

COAXIAL

Both 3T coaxial interconnects, The River Hybrid & The Sea Hybrid are, beside our standard packed lengths, also available in customer specified lengths. All cable manufacturing and customizing takes exclusively place in our own facilities.

Stereo pair 3T The RIVER Hybrid > Halogen Free < Made in EU

Our coaxial entry level interconnect model with both centre core and shielding made of 3T conductors. The centre conductor is made of 19 strands of 150 micron diameter each. In combination with the extra L.S.C. layer around the centre core, we have applied two very innovative technologies together to open doors to the highest quality in musical experiences.

The shielding is made of 40 3T strands combined with 2 layers of multiple heavy silver coated high quality copper strands. Our exclusive 3T technology gives a much higher resolution and richer detail, compared to any other metal technology used so far.

With 4 rhodium plated C-7.3 (RCA) connectors.

0,8 meter:.....	Euro	197,50
1,0 meter:.....	Euro	222,50
1,2 meter:.....	Euro	267,00
1,5 meter:.....	Euro	333,50

Stereo pair 3T The SEA Hybrid > Halogen Free < Made in EU

Our second 3T coaxial interconnect with technical upgrades compared to the 3T River Hybrid. The single Hybrid centre conductor is made of a thicker 3T single strand conductor with 400 micron diameter and coated with an L.S.C. layer to improve the signal quality. The shielding has beside 40 3T strands 2 layers of multiple heavy silver coated high quality copper strands.

The dynamic sound character combined with the very high resolution will be a very big surprise to you.

All our combined and innovative 3T technology contributes to a very natural sound reproduction never experienced before.

With 4 rhodium plated C-8.0 (RCA) connectors.

0.8 meter:.....	Euro	239,00
1.0 meter:.....	Euro	268,50
1.2 meter:.....	Euro	322,50
1.5 meter:.....	Euro	401,00

**Advisory
 retail price**

3T - True Transmission Technology

Unless otherwise stated, price is per meter or per unit.

BALANCED

Our 5 models of 3T balanced interconnects can be supplied either with RCA or XLR connectors. Beside our standard packed lengths, any other customer specified length can be produced. All cable manufacturing and customizing takes exclusively place in our own facilities.

Stereo pair 3T The VALLEY > Halogen Free < Made in EU

The 3T Valley Hybrid is our entry level model with a balanced construction. The two centre conductors are made of 21 x 150 micron 3T conductors and each separately coated with an L.S.C. layer to improve the resolution and spatial properties. This improves the quality of the signal transmission. Both conductors have the same property. The 3 layer shielding is used for damping of spurious signals.

With 4 rhodium plated C-7.3 (RCA) connectors or 4 black Neutrik silver plated (XLR) connectors.

0.8 meter:.....	Euro	264,50
1.0 meter:.....	Euro	298,00
1.2 meter:.....	Euro	357,50
1.5 meter:.....	Euro	447,00

Stereo pair 3T The ROCK Hybrid > Halogen Free < Made in EU

The 3T The Rock Hybrid is at the moment our most popular balanced interconnect. The 2 centre conductors are each made of 12 x 3T conductors: 1 x 400 micron surrounded by 11 x 150 micron and in total covered with an extra L.S.C. coating. The 3 layer shielding is a combination of 2 layers made of heavy silver coated copper strands and 1 layer of L.S.C. in between used for strong damping of spurious signals. The 3T The Rock Hybrid is a very successful design with already many happy users around the world.

With 4 rhodium plated C-8.0 (RCA) connectors or 4 black Neutrik silver plated (XLR) connectors.

0.8 meter:.....	Euro	455,00
1.0 meter:.....	Euro	512,00
1.2 meter:.....	Euro	615,00
1.5 meter:.....	Euro	768,00

Stereo pair 3T The HILL Hybrid > Halogen Free < Made in EU

With the design idea to reduce the capacitive load between the two centre conductors, the dimension of the 3T The Hill Hybrid is made bigger compared to the 3T The Rock Hybrid.

The 2 centre conductors consist each of a single 500 micron 3T conductor also coated with a L.S.C. layer to improve the sonic quality.

The shielding against spurious signals is made of 2 layers heavy silver coated multiple copper strands and 1 extra layer of L.S.C in between.

The 3T The Hill Hybrid has a remarkable spacious and clean sound character without any noticeable distortion.

With 4 rhodium plated C-8.4 (RCA) connectors or 4 black Neutrik silver plated (XLR) connectors.

0.8 meter:.....	Euro	695,00
1.0 meter:.....	Euro	780,50
1.2 meter:.....	Euro	936,00
1.5 meter:.....	Euro	1171,00

Stereo pair 3T The CLIFF Hybrid > Halogen Free < Made in EU

The design idea here was to have just a quad conductor construction without any screen. This to avoid the always available signal-conductor to screen capacitance.

Mind: there is hardly any audio interconnect available that is this flexible without any screen!

Each of the 4 conductors is made of a single 1 x 400 micron 3T conductor combined with 11 x 150 micron 3T conductors.

Soundwise the 3T The Cliff Hybrid is a delight in both space and resolution. The sound reproduction is extremely clean. Instruments playing in complex musical performances can very easily be followed despite the high sound level.

Connecting the 3T The Cliff Hybrid, we use two internal conductors as signal plus

With 4 rhodium plated C-11.3 (RCA) connectors or 4 black Neutrik silver plated (XLR) connectors.

0.8 meter:.....	Euro	825,00
1.0 meter:.....	Euro	921,00
1.2 meter:.....	Euro	1106,00
1.5 meter:.....	Euro	1387,50

Stereo pair 3T The MOUNTAIN Hybrid > Halogen Free < Made in EU

Our top model 3T interconnect with the highest sonic quality. The two centre conductors are each made of 0,9mm diameter 3T conductors and each coated with an extra L.S.C. layer.

To reduce the capacitive load by the shielding, we have enlarged the distance between the two 3T centre conductors and the shielding.

This shielding is made of even 4 layers. Two are made of heavy silver coated high quality copper multistrand constructions and the other two are made of L.S.C. layers.

After a run-in time of 3 – 5 hours, you will be very surprised about the huge step-up in the sound quality without changing any other component. The feeling to be "there where the recording is made" will be very strong.

With 4 rhodium plated C-9.0 (RCA) connectors or 4 black Neutrik silver plated (XLR) connectors.

0.8 meter:.....	Euro	944,50
1.0 meter:.....	Euro	1063,00
1.2 meter:.....	Euro	1275,50
1.5 meter:.....	Euro	1594,50

SPEAKER CABLE

Mounted set 3T The AIR > Halogen Free < Made in EU

Van den Hul has introduced a four lead cable, equipped with our new 3T conductors, called 3T The AIR. The AIR is our 3T entry level gold coloured speaker cable that can be used for stereo (2-2), bi-wire (2-4) and/or bi-amp (4-4) applications. The termination is done with our special 3T rhodium plated Berri busconnectors.

4 Lead speaker stereo wiring set terminated with rhodium plated BERRY Bus Connectors.

Mounted set 3T The CLOUD SE Hybrid > Halogen Free < Made in EU

This gold colored Hulliflex insulated loudspeaker cable is made of 4 x AWG – 8 groups of 3T strands. Each group is made of 6 x 7 strands with each strand a diameter of 0.34mm: combined a size of AWG-8.

Each of the 4 x AWG-8 conductor groups is coated with a heavy L.S.C. layer to improve the already very high transmission quality.

Also an extra single conductor ground-lead with a diameter of 0.8mm is positioned in the centre. The 3T The Cloud Hybrid has an outer diameter of 15.4mm.

Thanks to the really heavy 3T construction, you will enjoy a fabulous sound quality. The same as we did when the first run of the 3T The Cloud arrived here and performed very well (and even without running in) in our in-house test-system after six hours of mounting work.

Mounted set 3T The CUMULUS Hybrid > Halogen Free < Made in EU

The very nicely colored gold Hulliflex insulation surrounds a real sturdy loudspeaker cable with both a very impressive visual performance and a matching impressive sound-quality.

The 3T The Cumulus Hybrid has a quad construction with 4 separate Hulliflex conductors.

Each of the 4 x AWG - 5 (!!!) 3T conductors is made of a group of multiple 3T strands to produce the best sound ever quality.

Available in standard lengths and also on customer specifications. Please inform us at ordering whether you would like a "2-2", "2-4" or "4-4" version.

THE VDH HDMI FLAT SE > Halogen Free <

The HDMI Flat SE is a special edition of our HDMI Flat HEAC. We were able to reduce the cost considerably in reference to our "regular" HDMI Flat HEAC. No Redmere chip is needed and we can work with AWG 28 strands of tin plated high purity Oxygen Free Copper. The downside is this only works up to 3,0 meter length. In case you need a longer length or when you prefer the AWG 26 silver plated strands of high purity Oxygen Free Copper, the VDH HDMI Flat HEAC should be your choice.

The NAME Antenna > Halogen Free < Made in EU

With all technical improvements over the years to upgrade the video and image quality at home, it is essential that the connection between the antenna and the rest of the AV system has a very high quality to avoid signal losses.

This means a wide frequency range, a very low internal loss and a characteristic impedance matching exactly 75 Ohm. You find all this in our The NAME Antenna cable for a budget price, including two VDH custom made exact 75 Ohm connectors. Not available on reel.

IMPORTANT NOTICE

Our speaker cables are sold either factory-terminated or, mostly, on reels. Depending on the size of the cable these reels contain usually either 50, 100 or 200 meter lengths.

Unfortunately we don't live in a perfect world. For this reason there are always a number of non-regular lengths in a production run due to e.g. cut-outs during quality control, printing problems, etc.

For this reason we behold the right to deliver (and charge) lengths with a tolerance in length of plus or minus 20% (twenty percent) of the standard configuration as mentioned in the pricelist.

Lengths that have a greater variation are offered at a discount. A list of available types and lengths with discount is to be found at the representative section of our website.

Loudspeaker cables

All loudspeaker cables are available per meter, unless otherwise indicated, and as mounted stereo pairs with spades and bananas in any specified length starting from 1 meter.

How to calculate the price of a mounted stereo pair / stereo set of speaker cables?

To calculate the price of a mounted set of speaker cables we calculate how many meters of cable we need and add that price up with the following prices per connector:

BERRI Bus connector on The Nova and The Super Nova	Euro
BERRI Bus connector on any single-lead speaker cable and on The Inspiration	Euro
BERRI Bus connector on any other multi-lead speaker cable	Euro

Calculation examples:

1.) The VDH price of a pair of 2,5m D-352 Hybrid, the price will be:	
Price cable: 2 cables x 2,5m x Euro 8,75	43,75
Price of mounting incl. 8 connectors: 2 cables x 4 connections x Euro 10,40	83,20
<u>Total price for a mounted pair of D-352 of 2,5m:</u>	<u>126,95</u>

2.) The VDH price of a biwire set of 2,5m The Revelation Hybrid, the price will be:	
Price cable: 4 cables x 2,5m x Euro 22,25	222,50
Price of mounting incl. 8 connectors: 4 cables x 2 connections x Euro 15,10	120,80
<u>Total price for a mounted set of The Revelation of 2,5m:</u>	<u>343,30</u>

3.) The VDH price of a pair of 2,5m Super Nova <u>Bi-wiring</u> , the price will be:	
Price cable: 2 cables x 2,5m x Euro 110,00	550,00
Price of mounting incl. 12 connectors: 2 cables x (2 + 4) connections x Euro 18,40	220,80
<u>Total price for a mounted pair of Super Nova Bi-wiring of 2,5m:</u>	<u>770,80</u>

The advisory retail prices can be calculated by multiplying the VDH price with 3,7.

A discount on the advisory retail price for this service is allowed for your dealers at your own discretion.

Single lead loudspeaker cables:

Presenting our pride: The SCS-series

The SCS - series for certain is the very best PTFE insulated pure classic metal loudspeaker line available in the world. Made of the highest quality, very pure multi-strand copper with heavy silver coating. The tonal quality is superb; especially its extreme and smooth high frequency resolution is exceptional. The bass reproduction is very natural and powerful. Available in different sizes and price-categories: from the relatively flexible SCS-18 until the 21,2 mm² conductor surface measuring SCS-4. Highly recommended!

 retail price

Loudspeaker cables

All loudspeaker cables are available per meter, unless otherwise indicated, and as mounted stereo pairs with spades and bananas in any specified length starting from 1 meter.

SCS - 18 > PVC Free < Made in EU

Very high quality 18 Gauge amplifier and loudspeaker wire with PTFE insulation. Available in black, brown, red, orange, yellow, green, blue, grey or white on 100 meter and 250 meter reels and in any specified length.

Price p/m: Euro 14,50

SCS - 16 > PVC Free < Made in EU

Very high quality 16 Gauge amplifier and loudspeaker wire with PTFE insulation. Also very useful for tube-amplifier (re-)wiring. Available in black, brown, red, yellow, green, blue, grey or white in any on 100 meter and 250 meter reels and in any specified length.

Price Euro 17,50

SCS - 12 > PVC Free < Made in EU

Very high quality 11 Gauge very high quality amplifier and loudspeaker interconnect. Also very useful for tube-amplifier (re-)wiring. PTFE insulated. Available in black, brown, red, orange, yellow, green, blue, purple or white on 100 meter reels and in any specified length.

Price p/m: Euro 24,00

SCS - 6 > PVC Free < Made in EU

Very high quality 6 Gauge (13.2 mm² conductor surface) loudspeaker cable PTFE insulated. The colour is cream. Usable connector: BC - 8.3. One set contains 4 leads and 8 connectors.

Available on 100 meter reels and in any specified length.

Price Euro 94,00

SCS - 4 > PVC Free < Made in EU

Very high quality 4 Gauge (22.1 mm² conductor surface) loudspeaker cable PTFE insulated. Usable connector: BC-8.0. One set contains 4 leads and 8 connectors. The colour is cream.

Available on 50 meter reels and in any specified length.

Price Euro 162,00

The WIND Mk II HYBRID > Halogen Free < Made in EU

Very high quality multistrand single lead (AWG 10.5) loudspeaker cable with Multi Conductor Construction (MCC) and a L.S.C.® saturated coating. In peach coloured durable HULLIFLEX®(*) jacket with black printing. Usable connectors: B-122 or BC-6.5.

Available on wooden 100 meter reels.

Price Euro 26,50

The REVOLUTION HYBRID > Halogen Free < Made in EU

A high quality single lead loudspeaker cable, with red HULLIFLEX®(*) jacket. Like "The REVELATION" it has a multistrand conductor, an extra internal layer of L.S.C.® and a ring of 16 separately insulated strands. This makes that this cable is more flexible. The diameter is 8.0 mm, which is somewhat less than The REVELATION. The red jacket has gold printing. Usable connectors: B-352 or BC-6.5 mm. Available on 50 meter reels and in any specified length.

Price p/m: Euro 44,00

The REVELATION HYBRID > Halogen Free < Made in EU

A heavy duty, very high quality single lead loudspeaker cable, with a multistrand conductor, an extra internal layer of L.S.C.® and a ring of 16 separately insulated strands. The diameter is 12.5 mm. In red durable HULLIFLEX®(*) jacket with gold printing. Usable connectors: B-352 or BC-13.2 mm.

Available in any specified length starting from 1 meter.

Price p/m: Euro 82,00

Loudspeaker cables

All loudspeaker cables are available per meter, unless otherwise indicated, and as mounted stereo pairs with spades and bananas in any specified length starting from 1 meter.

The THIRD® MkII > Metal Free & Halogen Free < Made in EU

The loudspeaker cable with 4 million L.S.C. fibers with the most neutral result reachable. The THIRD® MkII has a HULLIFLEX®(*) jacket and will be delivered only as a set (4 cables) terminated with 8x BC-6,5 with spades and 8 extra bananaheads. The minimum length of a set is 1.0 meter, maximum length is 3.0 meter. On each set of the THIRD® we offer a five year warranty on material and workmanship. Nicely packed in a handy case.

Available in any specified length from 1 - 3 meter.

1.0 meter set, 4 leads:.....	Euro	2849,00
1.5 meter set, 4 leads:.....	Euro	3570,50
2.0 meter set, 4 leads:.....	Euro	4292,00
2.5 meter set, 4 leads:.....	Euro	5032,00
3.0 meter set, 4 leads:.....	Euro	5753,50

Twin lead loudspeaker cable:

The TWIN > Halogen Free < Made in EU

2 x 1,23 mm² diameter OFC lead speakercable, specifically designed for installation projects. Also excellent for in-house applications. With either transparent or red Hulliflex jacket. Available on wooden 200 meter reels. On special order we can supply any jacket color and/or additional printing (starting at 5.000 meters, depending on your specifications).

Price Euro 3,60

The CT 2 x 18 FEP Made in EU

Loudspeaker cables are mostly difficult to move through tubes from the power-amp to e.g. the rear loudspeakers. With this problem in mind, we came up with a twin-lead FEP insulated loudspeaker cable. Available on wooden 100 meter reels.

Price p/m: Euro 8,00

The SKYLINE HYBRID > Halogen Free < Made in EU

Flat twin-lead very pure copper and Linear Structured Carbon® coated Hybrid conductor flexible speaker cable (2x AWG 14). With sky-blue durable HULLIFLEX®(*) jacket. Usable connectors: B-122, BC-4.5 or D.I.Y. Available on wooden 50 and 100 meter reels.

Price Euro 5,50

The SNOWLINE > Halogen Free < Made in EU

For many years already our best-selling budget-priced loudspeaker cable!

Flat twin-lead very flexible (2x AWG 14) speaker cable with white durable HULLIFLEX®(*) jacket. The white jacket is made of HULLIFLEX®3, a superior insulation material exhibiting a very good mechanical protection and a high chemical stability. Usable connectors: B-122, BC-4.5 or D.I.Y.

Available on wooden 50, 100 and 200 meter reels.

Price Euro 7,50

The CLEARWATER > Halogen Free < Made in EU

Flat twin-lead very flexible (AWG 14) loudspeaker cable with just one aim: the best quality sound transmission for the lowest price possible. With transparent durable HULLIFLEX®(*) jacket. Usable connectors: B-122, BC-4.5 or D.I.Y.

Available on wooden 100 meter reels.

Price Euro 11,00

Loudspeaker cables

All loudspeaker cables are available per meter, unless otherwise indicated, and as mounted stereo pairs with spades and bananas in any specified length starting from 1 meter.

The ARCTIC > Halogen Free < Made in EU

Flat twin-lead (2x AWG12) flexible loudspeaker cable with white durable HULLIFLEX® jacket. This is the heavier version of our well known The SNOWLINE. Usable connectors: B-352, BC-3 or D.I.Y. On special order we can supply any custom printing (OEM printing for this cable starts at 500 meters!).

Price p/m: Euro 13,50

The GOLDWATER > Halogen Free < Made in EU

Twin-lead (2x AWG 14) loudspeaker cable like the original CLEARWATER, but with a special gold coloured durable HULLIFLEX®(*) jacket which provides extra protection against ultraviolet (UV) radiation from the sun.

Usable connectors: B-122, BC-6.5 or D.I.Y.

Available on wooden 100 meter reels.

Price Euro 13,50

The CS - 122 HYBRID > Halogen Free < Made in EU: *Our Multi Award Winner*

Twin-lead version of the CS - 12 HF (2x AWG 12). Flat loudspeaker cable, with a L.S.C.® saturated coating around the two dense silver coated very pure copper multistrand conductors. With durable HULLIFLEX®(*) cream jacket. Usable connectors: B-352, BC-6.5 or D.I.Y.

Available on wooden 50 and 100 meter reels.

Price Euro 18,50

#VERW!

The D - 352 HYBRID > Halogen Free < Made in EU

High quality twin-lead (2x AWG 10) flat loudspeaker cable with a L.S.C.® saturated coating around the two heavy silver coated multistrand copper conductors. With durable HULLIFLEX®(*) jacket, brown metallic coloured with gold printing. Usable connectors: B-352, BC-8.3.

Available on wooden 25 and 50 meter reels.

Price Euro 32,00

The MAGNUM HYBRID > Halogen Free < Made in EU

Heavy, very high quality flexible flat twin-lead (2x AWG 8) loudspeaker cable with a L.S.C.® saturated coating around the two silver coated multistrand copper conductors. In a nice dark-red durable HULLIFLEX®(*) jacket. Usable connector: BC-8.3.

Available on wooden 50 meter reels.

Price Euro 49,50

Four lead loudspeaker cables:

The TEATRACK HYBRID > Halogen Free < Made in EU

Twin version of the CS - 122 HYBRID (AWG 12). Flat four-lead loudspeaker cable, with a L.S.C.® saturated layer around dense silver coated very pure copper multistrand conductors. With cream coloured durable HULLIFLEX®(*) jacket.

Usable connectors: B-352 or BC-6.5.

Available on wooden 50 meter reels.

Price Euro 38,00

Loudspeaker cables

All loudspeaker cables are available per meter, unless otherwise indicated, and as mounted stereo pairs with spades and bananas in any specified length starting from 1 meter.

The INSPIRATION HYBRID > Halogen Free < Made in EU

High quality 4 lead gold coloured outer jacket loudspeaker cable in Fusion Technology. The four internal conductors have separate L.S.C.® layers and an extra center lead for grounding. This cable gives an excellent sound quality. Usable connectors: BC-3 (biwiring) or BC-5 (normal wiring).

Available on 50 meter reels.

Price Euro 112,50

Also available as mounted stereo pairs in any specified length starting from 1 meter, in the following combinations:

- Bi-amping (i.e. each cable 4 conn. at amp. side and 4 conn. at spkr. side)
- Bi-wiring (i.e. each cable 2 conn. at amp. side and 4 conn. at spkr. side)
- Stereo wiring (i.e. each cable 2 conn. at amp. side and 2 conn. at spkr. side)

Mounted set 3T The AIR > Halogen Free < Made in EU

Van den Hul has introduced a gold coloured four lead cable in approximately the same diameter as the Fusion Technology The Inspiration, equipped with our new 3T conductors, called 3T The AIR. The 3T The AIR cable can be used for stereo (2-2), bi-wire (2-4) and/or bi-amp (4-4) applications. The Termination is done with our special 3T Rhodium plated Berri busconnectors.

4 Lead speaker stereo wiring set terminated with rhodium plated BERRY Bus Connectors. Nicely packed in a handy case.

Loudspeaker cables

All loudspeaker cables are available per meter, unless otherwise indicated, and as mounted stereo pairs with spades and bananas in any specified length starting from 1 meter.

Mounted set 3T The CLOUD SE Hybrid > Halogen Free < Made in EU

This gold colored Hulliflex insulated loudspeaker cable is made of 4 x AWG – 8 groups of 3T strands. Each group is made of 6 x 7 strands with each strand a diameter of 0,34mm: combined a size of AWG-8.

Each of the 4 x AWG-8 conductor groups is coated with a heavy L.S.C. layer to improve the already very high transmission quality.

Also an extra single conductor ground-lead with a diameter of 0,8mm is positioned in the centre. The 3T The Cloud Hybrid has an outer diameter of 15,4mm.

Thanks to the really heavy 3T construction, you will enjoy a fabulous sound quality. The same as we did when the first run of the 3T The Cloud arrived here and performed very well (and even without running in) in our in-house test-system after six hour of mounting work.

4 Lead speaker stereo wiring set terminated with rhodium plated BERRY Bus Connectors. Nicely packed in a handy case.

HULLIFLEX® (*): HULLIFLEX® is a world-wide registered and patented insulator material, especially designed by the Van den Hul company. It is very flexible and combines a high chemical stability with a superb mechanical protection of the signal conductor. It enhances both sound quality and durability of the product. For environmental reasons HULLIFLEX® is completely PVC and Halogen Free.

L.S.C.®: (Linear Structured Carbon) is a world-wide registered and patented material designed and produced by the Van den Hul company.

Gauge : see our AWG chart.

BC-... : (BERRI) Busconnector 3, 4, 5, 6.5, 8 and 10 mm (cable entrance).

Car HiFi

Unless otherwise stated, price is per meter or unit.

Car hi-fi and general purpose interconnects.

The BAY C5 HYBRID > Halogen Free < Made in EU

High Quality coaxial Hybrid cable with L.S.C. coating, highly shielded and mechanically very strong, 5.2mm diameter. To be used as interconnect, internal amplifier or mixing console cable. With durable HULLIFLEX®(*) jacket.

Available on wooden 200 meter reels.

Price Euro 8,00

The D - 102 III HYBRID > Halogen Free < Made in EU Our multi award winner !!!

Excellent multi award winning balanced hybrid (metal and Linear Structured Carbon®) interconnect. With 4 gold-plated matt C - 7.3 (RCA) connectors or 4 Neutrik silver plated XLR connectors. With characteristic yellow-orange durable HULLIFLEX®(*) jacket. To be used as single cable or as stereo pair.

Available on 100 meter reels.

Price Euro 22,00

The D - 102 V SPECIAL > Halogen Free < Made in EU

Very fine, balanced interconnect for pre- to power-amp., CD to pre-amp and car hi-fi applications. With purple or blue durable HULLIFLEX®(*) jacket.

Available on wooden 100 meter reels.

Price Euro 17,00

Car hi-fi loudspeaker cables

The SKYLINE HYBRID > Halogen Free < Made in EU

Flat twin-lead very pure copper and Linear Structured Carbon® coated HYBRID conductor flexible speaker cable (2x AWG 14). With sky-blue durable HULLIFLEX®(*) jacket. Usable connectors: B-122, BC-3 or D.I.Y.

Available on wooden 100 meter reels.

Price p/m: ### 5,50

The SNOWLINE > Halogen Free < Made in EU

For many years already our best-selling budget-priced loudspeaker cable!

Flat twin-lead very flexible (2x AWG 14) speaker cable with white durable HULLIFLEX®(*) jacket. The white jacket is made of HULLIFLEX®3, a superior insulation material exhibiting a very good mechanical protection and a high chemical stability. Usable connectors: B-122, BC-4.5 or D.I.Y.

Available on wooden 50, 100 and 200 meter reels.

Price p/m: ### 7,50

The GOLDWATER > Halogen Free < Made in EU

Twin-lead (2x AWG 14) loudspeaker cable like the original CLEARWATER, but with a special gold coloured durable HULLIFLEX®(*) jacket which provides extra protection against ultraviolet (UV) sun light.

Usable connectors: B-122, BC-3 or D.I.Y.

Available on wooden 100 meter reels.

Price ### 13,50

The CS - 122 HYBRID > Halogen Free < Made in EU: Our Multi Award

Twin-lead version of the CS - 12 HF (2x AWG 12). Flat loudspeaker cable, with a L.S.C.® saturated coating around the two dense silver coated very pure copper conductors. With durable HULLIFLEX®(*) cream jacket with gold printing. Usable connectors: B-352, BC-3 or D.I.Y.

Available on wooden 50 and 100 meter reels.

Price ### 18,50

Unbalanced coaxial cables:

The BAY C5 HYBRID > Halogen Free < Made in EU

High Quality Hybrid coaxial cable with L.S.C., highly shielded and mechanically very strong, 5.2mm diameter cable. To be used as interconnect, internal amplifier or mixing console cable. With durable red HULLIFLEX®(*) jacket.

Available on wooden 200 meter reels.

Price p/m: Euro 8,00

The D - 300 III HYBRID > Halogen Free < Made in EU

High quality coaxial Hybrid audio interlink with L.S.C. coating. In a metallic brown coloured durable HULLIFLEX®(*) jacket.

Available on wooden 100 meter reels.

Price p/m: Euro 8,00

The D - 610 > Halogen Free < Made in EU

Flexible thin 50 Ohm Coaxial cable with a diameter of 2.6mm.

Price p/m: Euro 21,00

Internal wiring:

CC - 18 > Metal Free & Halogen Free < Made in EU

This is the first Metal Free Linear Structured Carbon® (LSC) single conductor in our program for internal amplifier connections. For soldering, our CC-1.0 clips are suitable. Durable HULLIFLEX®(*) jacket. Available from 1 meter.

Price Euro 48,00

CS - 18 > Halogen Free < Made in EU

18 Gauge heavy silver coated multi-strand high purity copper wire designed for amplifier and loudspeaker wiring with durable HULLIFLEX®(*) jacket. In the colours: black, brown, red, green, blue and white.

Available on wooden 500 meter reels.

Price p/m: Euro 2,00

CS - 16 > Halogen Free < Made in EU

16 Gauge heavy silver coated multi-strand high purity copper wire designed for amplifier, loudspeaker and loudspeaker rewiring cable with durable HULLIFLEX®(*) jacket. In the colours black, brown, red, orange, yellow, green, grey and white. Available on wooden 500 meter reels.

Price p/m: Euro 3,50

CS - 14 > Halogen Free < Made in EU

14 Gauge heavy silver coated multi-strand high purity copper wire designed for amplifier, loudspeaker and loudspeaker rewiring cable with durable HULLIFLEX®(*) jacket. In the colours: black, brown, red, yellow and green.

Available on wooden 250 meter reels.

Price p/m: Euro 4,50

CS - 14 HYBRID > Halogen Free < Made in EU

The Hybrid version of the CS-14. For improved smoothness with durable HULLIFLEX®(*) jacket. In black, red and blue.

Available on wooden 250 meter reels.

Price p/m: Euro 7,00

CS - 12 > Halogen Free < Made in EU

Very flexible 12 Gauge heavy silver coated multi-strand high purity copper wire designed for amplifier, loudspeaker and loudspeaker rewiring cable with durable HULLIFLEX®(*) jacket. Popular among many well known loudspeaker manufacturers. Available on wooden 250 meter reels.

Price p/m: Euro 5,00

Industrial cable products.

Unless otherwise stated, price is per meter or unit.

FT - 18 > Halogen Free < Made in EU

The FT - 18 is an 18 gauge cable with 24 strands with our own Fusion Technology conductors: an amorphous alloy of Copper, Zinc and Silver. Especially designed for internal wiring of loudspeaker cabinets, amplifiers and as general purpose wiring in high quality equipment. Colours: red or black.

Euro 2,50

FT - 16 > Halogen Free < Made in EU

The FT - 16 is a 16 gauge cable with 63 strands cable with our own fusion based technology conductors. Especially designed for internal wiring of loudspeaker cabinets, amplifiers and as general purpose wiring in high quality equipment. The 63 strands give this cable a high flexibility; very helpful in difficult mounting situations. Its 63 strands are made of our Fusion material. Colours: red or black.

Price p/m: Euro 5,00

FT - 12 > Halogen Free < Made in EU

The FT - 12 is a 12 gauge 147 strand cable with our own fusion based technology conductors. Especially designed for industrial purposes. Its extreme flexibility compared to the regular available 12 gauge constructions is a great advantage in many applications. The FT - 12 has been specially designed for use in high current applications in difficult situations like narrow spaced loudspeaker enclosures and power lines in mixing consoles and amplifiers. Sonically a very superior conductor: very smooth and detailed. Colours: red or black.

Price Euro 6,00

The D - 101 > Halogen Free < Made in EU

and very pure silver coated high quality O.F.Copper and a high density P.E. insulation jacket. Available on wooden 100 meter reels.

Price p/m: Euro 5,00

The WIND Mk II HYBRID > Halogen Free < Made in EU

Very high quality multistrand single lead (AWG 10.5) loudspeaker cable with Multi Conductor Construction (MCC) and a L.S.C.® saturated coating. In peach coloured durable HULLIFLEX®(*) jacket with black printing. Usable connectors: B-122 or BC-6.5.

Available on wooden 100 meter reels. Price p/m: Euro 26,50

The MCS - 1000 > Halogen Free < Made in EU

This single pure silver conductor is made on request of a well known loudspeaker manufacturer who applied silver in all the internal wiring (connections and cross-over coils). Our company was invited to supply all.

Limited stock of the 1mm diameter internal connection and crossover coil wire is available now for the dedicated audiophile. Price p/m: Euro 64,50

SCS - 28 M > PVC Free < Made in EU

Very high quality 28 Gauge, 7 strand amplifier and printed circuit board interconnect with yellow PTFE insulation.

Available on 100 meter reels and in any specified length. Price Euro 2,50

SCS - 18 > PVC Free < Made in EU

Very high quality heavy silver coated extreme pure copper 18 Gauge amplifier and loudspeaker wire with PTFE insulation. Available in black, brown, red, green, blue or white on 100 meter and 250 meter reels and in any specified length.

Price p/m: Euro 14,50

Industrial cable products.

Unless otherwise stated, price is per meter or unit.

SCS - 16 > PVC Free < Made in EU

Very high quality heavy silver coated extreme pure copper 16 Gauge amplifier and loudspeaker wire with PTFE insulation. Also very useful for tube-amplifier (re-)wiring.

Available in black, brown, red, yellow, green or white on 100 meter and 250 meter reels and in any specified length.

Price p/m: Euro 17,50

SCS - 12 > PVC Free < Made in EU

Very high quality heavy silver coated extreme pure copper 11 Gauge very high quality amplifier and loudspeaker interconnect. Also very useful for tube-amplifier (re-)wiring. PTFE insulated.

Available in black, brown, red, orange, yellow, green, blue, purple or white on 100 meter reels and in any specified length.

Price p/m: Euro 24,00

SCS - 6 > PVC Free < Made in EU

Very high quality heavy silver coated extreme pure copper 6 Gauge (13.2 mm² conductor surface) loudspeaker cable PTFE insulated. The colour is cream.

Usable connector: BC - 8.3. One set contains 4 leads and 8 connectors.

Available on 100 meter reels and in any specified length.

Price p/m: Euro 94,00

SCS - 4 > PVC Free < Made in EU

Very high quality heavy silver coated extreme pure copper 4 Gauge (22.1mm² conductor surface) loudspeaker cable PTFE insulated. Usable connector: BC-8.0.

One set contains 4 leads and 8 connectors. The colour is cream.

Available on 50 meter reels and in any specified length.

Price p/m: Euro 162,50

Microphone cables:

The MIC HYBRID > Halogen Free < Made in EU

Blue coloured, 3 conductor and triple shielded, Kevlar reinforced microphone cable with durable HULLIFLEX®(*) jacket. Low capacitance.

Available on wooden 100 meter reels.

Price p/m: Euro 17,00

The MIC Highflex HYBRID > Halogen Free < Made in EU

Dark blue coloured, 3 conductor, double shielded and Kevlar reinforced, very flexible microphone cable. With special durable jacket.

Available on wooden 100 meter reels.

Price p/m: Euro 17,00

3T The MIC 2 > Halogen Free < Made in EU

Brown coloured, two 3T conductors and double shielded, Kevlar reinforced microphone cable with durable HULLIFLEX®(*) jacket. Low capacitance.

Available on wooden 100 meter reels.

Price p/m: Euro 88,50

3T The MIC 3 > Halogen Free < Made in EU

Violet coloured, three 3T conductors, double shielded and Kevlar reinforced microphone cable. With durable HULLIFLEX®(*) jacket.

Available on wooden 100 meter reels.

Price p/m: Euro 111,00

Industrial cable products.

Unless otherwise stated, price is per meter or unit.

The BIG MIC > Halogen Free < Made in EU

Consisting of eight groups of The MIC HYBRID (together 24 individually insulated lines). Each group is double shielded, individually insulated by polyester films and identified with polyester numbertapes. The outer diameter is 16.5 mm. With very durable blue HULLIFLEX®(*) jacket.

Available in any specified length.

The BLACK HOLE Made in EU

The van den Hul BLACK HOLE is an innovative and advanced four outlet passive mains filter, which core design is based on entirely new technology and concepts. It provides high-end audio, video and mixed setups with perfectly clean mains power, is capable of handling up to 1800 Watt total connected load and is equipped with four individually noise-insulated outlets.

Euro 2600,00

The WHITE DWARF Made in EU

The WHITE DWARF is a small though sophisticated single outlet mains filter specially intended for (low power) A/V equipment with a current consumption of up to 2 Amperes. It removes mains noise. Using a WHITE DWARF in front of each device in your A/V setup provides markedly improved transparency, definition, detail and dynamics.

Euro 198,50

The BLEEP Made in EU

A Radio Frequency (RF-)emission detector with adjustable sensitivity. It will immediately show the good screening of all our Mains products.

Euro 65,00

The BLEEP DAAS Made in EU

There is also a version of the BLEEP with a DAAS® output so that you can even see on the computer screen where the noise comes from and what it looks like. The ideal instrument for setting up equipment and finding hidden emission sources.

Euro 78,00

Phono electronics:

The GRAIL PHONO AMP Made in EU

The Grail is a really dulcet phonograph preamplifier, specifically designed bearing ultimate performance and reliability in mind. With improved power supply.
 The GRAIL PHONO AMP

Euro 6630,00

The GRAIL SB is a really dulcet phonograph preamplifier, specifically designed bearing ultimate performance and reliability in mind. It is a balanced version of The Grail, including 2 complete printed circuits and an electronic battery power source simulation, featuring XLR-input connectors.

The GRAIL SB PHONO AMP

Euro 13000,00

Electronics

Amplifier electronics:

The EMERALD PRE-AMP Made in EU

The Emerald balanced preamplifier is the next logic step after the introduction of The Grail SB.

We have used the same design ideas from our Grail SB, a remote control is part of the design and the housing is made of thick steel.

Specifically, the very natural and specific spacious sound is a benchmark of The Emerald. The very high resolution in combination with the natural dynamics in replay is another remarkable property.

The EMERALD PRE-AMP

Euro 13000,00

The EXCALIBUR MONO POWER-AMP Made in EU

The completing item in our electronic equipment range: our Power-amplifier is available now.

The 26kg housing is the same as used in The Grail SB and The Emerald. An extra XLR connection is provided to link through to another Excalibur in case you like to work Bi-Amped. The power voltage needs to be specified: 120 Volt or 230 Volt.

Available in white with dark-red side panels or as a black version with light wooden side panels. And in case you want Ferrari red housing: we will supply on specification with an adjusted price.

The EXCALIBUR MONO POWER-AMP

Price per unit: Euro 9750,00

Advisory retail price

The LINK

Many amplifiers and A/V Receivers are equipped with a separate pre- and power amplifier part because of the extra opportunities such a separation offers, such as connecting a subwoofer or extra amplifiers. Connect those parts with The Link and you will immediately hear sound improvement. The sound reproduction will spectacularly gain air, detail and dynamic.

Length 15 cm, colour red. Terminated with 4 gold-plated C-4.0 (RCA) connectors. Euro 51,50

The POLARITY CHECKER

Helps to enhance your audio system's resolution by minimising its residual ground currents. Supplied with English, German or Dutch operating manual.

Euro 28,00

The SOLUTION - Made in EU

This contact fluid is a very stable, completely non-chemically active product that protects the metal of connectors or cable for a long period against chemical deterioration. Supplied in 30cc bottle with brush.

Euro 37,50

The Turntable Spindle Oil - Made in EU

Special oil as explained on our website section F.A.Q. Supplied in a 25cc bottle with brush.

Euro 23,00

The T.L.F. OIL I and II - Made in EU

Your turntable and also other moving components need perfect oil to maintain a high reliability. Our T.L.F. is the right oil for this demanding job: no oxidation, very low surface tension (1/4 of water), very strong binding with the underlying surface and ultra thin coating (just nanometers thick). Surface friction of moving parts in contact with each other is dramatically reduced (even in your car). As a general purpose low friction lubricant T.L.F. I is most suited. For heavy duty applications we advise T.L.F. II.

Supplied in 30cc bottle with brush.

Euro 40,50

The T.L.F. OIL II and The Solution - Made in EU

Together in transparent box.

Euro 73,50

Pss Pss reconditioning spray - Made in EU

Aerosol contained spray which cleans oxidized contacts and also loosens and removes the film that is often composed by microscopic particles which have been transported by the polluted air surrounding the equipment or objects. The spray not only cleans but also protects the cleaned parts afterwards.

Only available for shipment by truck due to security regulations.

Packed and shipped in boxes containing 12 spray cans.

Price per can: Euro 18,00

Quality Solder - Made in EU

A standard Sn60/Pb40 alloy resin flux core soft solder wire type for soldering in all electronic applications. Ø=1.5 mm. Sales unit: 1 kg spool.

Price per kg: Euro 157,00

LEAD-FREE Silver Solder - Made in EU

The strict order in the EU to work without any lead containing solder for environmental reasons combined with our ideas about improved metal technology are the basis for this product: the Sn95 / Ag5 Lead free Silver Solder. Direct sound quality comparisons between the two types of solder showed immediately the higher quality of our Lead-Free Silver Solder.

The actual silver content is 4.5%.

Price per kg: Euro 351,50

at providing high resolution reference quality recordings of great music; Recordings using a very natural and minimal recording approach and made with the very best equipment available, including our Linear Structured Carbon® cables for all connections. All CD's have been recorded live to two-track using DCS 96kHz/24-bit technology and form excellent reference and demonstration material.

Four of a kind: For the time being:.....

This CD is recorded in cooperation with two musicians from Italy: Dado Moroni - piano and Rosario Bonacorso - contrabass. This resulted in a full swing of sound, where especially the numbers Poinciana, Monty's Wave and Lime House Blues are outstanding samples of a perfect balance between the music and the acoustics with a lot of detail. Order code: VDH99CR01

Jeroen de Rijk & friends: Central Heating:.....

The purpose of this CD was to record the balance in music and acoustics between Jeroen de Rijk - Percussionist and ten of his best friends, each of them performing on another instrument. Especially the performance of the numbers Masquerade, Self-portrait and Tarmac are perfect examples of a good balance between music and acoustics. They can be used as excellent demo numbers for critical listeners to evaluate their hi-fi system. Order code: VDH99CR02

Louis van Dijk: Family and friends:.....

A recording made in cooperation with Louis van Dijk and Selma van Dijk. Father Louis supports daughter Selma in a large variety of styles and numbers like the very delicate Sweet William and Burjazzque. Music for the dedicated and also for the technical listeners. Order code: VDH99CR03

Louis van Dijk: I could have danced all night:.....

Louis at his best with music he hasn't played for years. For those who also intend to use this CD as a test-medium, all numbers are suitable suitable toppers. Great acoustics and even better music. Order code: VDH99CR04

A Sound Impression: Sampler:.....

Contains two tracks from each CD within our first release. Order code: VDH99CR05

Resonans Quartet : 4 Marimba's

On this CD the Marimba, supplemented with other melodious instruments of percussion, as the vibraphone and the xylophone, is used by the Resonans Quartet to perform varied music.

CD recordings

Frits Landesbergen Big Band: The Old Fashioned Way..... Euro 17,50
 A nice spacious, good harmony and great sounding big band with surprising instrument combinations. A lot of playing experience is captured here. For sure you will like the sound because it reminds direct also to the 60's and 70's. The sound is too good to let it just fade out and disappear.

Lils Mackintosh: 40 Years On Stage..... Euro 18,75
 Diva Lils is one of the leading ladies in the jazz scene and played with many of the great jazz musicians like Oscar Peterson, B.B. King and Candy Dulfer. This cd has been recorded with 3T cables. The result is more definition, better dynamics and detailed and defined instruments in an amazing sound image.

Super Audio CD recordings:

Lavinia Meijer: Fantasies & Impromptus..... Euro 17,50
 Beautiful and restful harp music from different composers, played by classical stage star and internationally performing Lavinia Meijer. This is the very first cd recorder with equipment fully wired with our 3T cables. The sound quality is impressive and incredibly spacious. *This SACD was rewarded with the prestigious Dutch Edison-award 2012 for most popular classical recording.*

Serena: Dances of the Dolls..... Euro 17,50
 Music for children can be of two kinds. It may be intended for children to play or for children to hear. Both kinds of music are characterized generally by brevity and ease of comprehension, and often by characteristic titles related to fairy tales or songs. This cd offers old and new examples of this tradition, performed by Serena Wang, the most conspicuous music prodigy under the direct tutorship of well-known and highly respected piano teacher Professor Dan Zhao Yi.

Other recordings: price per CD..... Euro 24,95
Price per outer box (contains 25 CD's) at EUR. 9,68 / CD..... Euro

Super Audio sampler CD..... Euro 18,75

Our Hybrid Super Audio CD's. Excellent quality recording with Van den Hul microphone cables and digital interconnects. These CD's contain the regular stereo CD layer, the stereo Super Audio layer and the 5 channel Super Audio layer.

A Tribute To Analog: Beets Brothers, Lils Mackintosh, Hans Dulfer.....
 This very special LP is a reference quality analogue recording, made as a tribute to analog. Excellently suited to demonstrate our top level phono cartridges' qualities, the life material was recorded with Mr. Hans Dulfer, one of the most famous Dutch saxophone players, Lils Mackintosh, a well-known solo singer on many festivals and last but not least: The Beets Brothers.
